(1) Visitors can ask questions about the financial report after it has been read. (2) All questions from the visitors will be heard at the Public Discussion. (3) the visitors can call for a point of interest and it will be up to the chair to hear them then or later. The secretary reported receiving the monthly bank statements, monthly county report, Alliant Insurance with forms to fill out for the next years liability insurance , bill from Consolidated Engineering for \$1500. This bill was approved at the April meeting and was paid when presented to the treasurer by check #1003 in the amount of \$1500. This included the product and delivery. The financial report was read. **ROAD MANAGERS REPORT.** Rich will need paint for marking the culvert and other areas that have problems. He will get the paint at Treats, should be less than \$100. On a motion by Director W Pipkin and seconded by Director Fudala, with a vote of 5 ayes Hill, W Pipkin, J Pipkin, Fudala, Bourassa with 0 noes, the request for paint not to exceed \$100 was approved. Rich then presented what he feels is the most important work to be done this year. He knows that at least 3 main culverts either need to be repaired or replaced, some are blocked by debris and need to be cleaned out if possible, next ditching needs to be done, these are his priority, if not done we will lose roads next winter. After much discussion, the Board agreed that culverts first and ditching second. Wade will work with Rich on marking culverts and showing the contractors that want to bid on these jobs what needs to be done. Rich will present any bids he receives at the next meeting. **WEBSITE UPDATE:** Rich Hill the webmaster said since there was so much discussion on road, culvert, and ditch repairs that he will put off any updates until next meeting.
