Road managers report: Rich had sent all members picture of the road damage caused by this winters mega rain. All our guests and Directors had much to say and at one point there was too many people talking at one time which made it hard to transcribe all that was said. The Directors were given information and names of contractors that may be able to do some repairs work. The Directors decided that maybe the ditching should be done first because if the ditching isn't repaired more damage will be done on our roads. We are looking into FEMA and grants to help with repairs. This will be again discussed at our next meeting.

Rich also wanted more cold patch for repairing potholes. He needs 10 tons at approximately \$102 per ton. To transport the product will cost \$135-140 per hour approximately 2 ½ hours. On a motion by Director Hill and seconded by Director J. Pipkin to approve monies for the cold patch and delivery not to exceed \$4000. On a vote of 4 ayes J. Pipkin, Fudala, Bourassa, Hill and (1) absent W. Pipkin this request is passed.

Website update: This update was put aside until next month since the road problems has taken up much of out time.

OLD BUSINESS: This was covered under the road managers report and will be discussed again at next months meeting.

We all want to thank the people who came out to remove limbs and trees that fell across the roads and helped clean the debris that piled up on fences blocking culverts. Deb and Rich along with Mike Fritz have been doing the pothole filling. TO ALL THANK YOU SO MUCH.
